Bosch LBD8356/00, Plastic Dome Speaker

Speaker Type:	Dome speaker.
Material:	Plastic (typically durable ABS).
Power Handling:	Often specified in watts (W), indicating the maximum power the speaker can handle.
Frequency Response:	Indicates the range of audio frequencies the speaker can reproduce.
Impedance:	Measured in ohms (Ω), indicating the resistance the speaker offers to the audio signal.
Sensitivity:	Typically measured in decibels (dB), indicating the efficiency of the speaker in converting power to sound.
Dimensions:	Includes diameter and depth, important for fitting into ceiling spaces.
Weight:	Important for installation considerations.
