ITC TI-5006S 500W 6 zone mixer amplifier

Brand & Model	ITC TI-5006S
Rated Power Output	500 Watts RMS (Continuous stable delivery)
Zone Architecture	6 Speaker Zones with independent partition volume adjustments
Maximum Load Per Zone	85 Watts Max per single channel partition line
Constant Line Voltage	70V and 100V High-Impedance speaker lines
Low Impedance Load	4Ω to 16Ω (Ohms) Direct Speaker Output terminals
Total Harmonic Distortion	≤ 0.1% at 1KHz (measured at 1/3 rated power)
System Frequency Response	80 Hz to 16,000 Hz (±3dB limits)
Overall Signal-to-Noise Ratio	Better than 75 dB
