TP-Link XZ000-G7 1 Port Gigabit XPON Terminal Fast Transfer Speeds ONU

55.00 SAR ✓ In Stock

FEATURES :

- Model: XZ000-G7
- One PON port & LAN port
- Fast Transfer Speeds
- Hassle-free Installation
- EPON + GPON Dual Mode

Specification

Dual-Mode XPON Support:	Supports both EPON and GPON standards for flexibility across different internet service provider (ISP) infrastructures.
Transfer Speeds:	• GPON: Up to 2.488 Gbps downstream and 1.244 Gbps upstream. • EPON: Up to 1.25 Gbps downstream and upstream.
Ports:	1 PON port and 1 Gigabit Ethernet (RJ45, 10/100/1000 Mbps) LAN port.
Transmission Distance:	Up to 20 kilometers max.
Management & Security:	Supports OMCI (ONU Management Control Interface) for remote ISP configuration, along with WebGUI, Telnet, AES encryption, and VLAN support.
Power Supply:	9VDC / 0.6A external power supply with intelligent power-saving features.
