Toa TS-682L Delegate Unit with Long Microphone

1,000.00 SAR ✓ In Stock

FEATURES :

The TS-682L is a Delegate unit of the TOA conference system, TS-680 Series of which compact and lightweight design makes it easy to install and store. Placing the talk key in ON position permits speech and disable the speaker to prevent feedback. If the talk key is placed in the OFF position, the microphone cannot be used but the speaker is turned on, allowing voices from other conference units to be monitored. And the TS-682L Delegate Unit comes with a long microphone as a standard accessory.

Toa TS-682L Delegate Unit with Long Microphone

Power Source	36 V DC, 30 mA or less (supplied from the Central Unit TS-680)
